

Julia Macrae

Buyer
Level Shoes

With a BA honors degree in Fashion Management, from Robert Gordons University, Julia began her career in 2012, assisting the Women's shoe buyer at NET-A-PORTER.COM. Here she worked with over 200 brands across both Designer and Contemporary. Within her time at NET-A-PORTER Julia also worked across The Outnet.com, NET-A-PORTERs Off Price partner. Here she was responsible for buying all of women's non-apparel; including shoes, bags, jewelry and sunglasses.

In 2018, after 6 years at NET-A-PORTER, Julia made the move to Dubai and joined Level Shoes, one of the world's largest shoe only concept stores. Here she is responsible for the Women's Department, buying over 250 brands across 3 separate areas; Designer, Contemporary and Trends. In 2019 she took on the new challenge of launching a curated edit of women's accessories within the Women's Designer Area. Currently heading up the Women's Department for both Shoes and Accessories Julia continues to find new brands and create exclusive capsules to elevate and differentiate the Level Shoes offer.
